UPLAND'S EXHIBIT AT THE LOS ANGELES COUNTY FAIR

hile this picture of the Upland exhibit at the Los Angeles county fair is a trifle late, the photo was held up until the members of the Upland 20-30 club could unite as a group and see the result of their handiwork.

The local entry won a grand sweepstakes prize and this was made possible almost entirely through the personal efforts of the men shown in the picture and other members of the club. The entry was planned by the Upland chamber of commerce, under the personal supervision of Secretary-Manager Drew R. Morrison. He is shown kneeling at the left in the center. Also in the center is Dick Wilson, club president, and who spent many hours in finishing the fair entry.

Standing from top to bottom on the left are Jerry Hays, Phil Grasso, Wayne Walton and Jack Hall. On the right top to bottom are Dick Pehl, Taz Cochrum, Bud Keller, Ed Wilson and Ralph Smith.

Neutrals Demand Russ End Blockade; Soviets Slate Air Maneuvers in Corridor

Bomber Flights Above Berlin Are Announced

BERLIN, (AP) — The Russians informed the western powers they plan large scale war maneuvers, including bomber flights over Berlin, in the Allied air corridors today.

British fliers engaged in the airlift said they had seen Russian planes drop live bombs in the Soviet occupation zone about 12 miles northwest of Berlin.

The reported incident might have been part of large-scale Russian air war maneuvers.

There was no confirmation from either German or Russian sources of the bomb report. The German press several months ago reported that Russian planes on maneuvers dropped live bombs on a small town, causing some casualties.

Capt. Vincent H. Gookin, U. S. representative at the four-power Berlin air safety center, said the announced Soviet air activity was fourfold: (1) Bombers over the Berlin zone; (2) Air-to-ground firing practice; (3) Air-to-air fire upon towed targets; (4) Parachute jumping.

"We don't care how many planes they have in the air," he said, "but we have protested their plans for gunnery practice as dangerous to our aircraft and we have also complained that formation flying by bombers over Berlin — as indicated — is against quadripartite regulations."

U. S. and British airlift pilots were instructed to keep a sharp lookout for the announced Russian activity.

Frequently in the past the Russians have announced maneuvers which never took place—or at least were not observed by Allied fliers.

Smaller Nations Condemn Russia As War Threat

PARIS, Oct. 7, (AP)—Six so-called neutral members of the United Nations security council today were reported ready to demand that Russia lift her blockade of Berlin.

Informed sources said the six would embody their demand in a resolution next week.

Only the Soviet Ukraine backs Russia in the Berlin dispute.

Syria, Colombia, Argentina, China, Belgium and Canada are reported solidly behind the big three western powers' charge that the blockade menaces world peace.

In the powerful United Nations political committee, meanwhile, Russia began debate on her disarmament resolution with a charge that the western powers blocked arms limitations for 20 years. Russia demanded that Britain, France and the United States join her in immediate one-third cuts of their armies.

Soviet Delegate Andrei A. Vishinsky told the committee western considerations of "security first" had brought all disarmament conferences to naught. Russia has proposed one-third reduction of armed forces within a year and a ban on atomic weapons.

The political committee shunted to an 11-nation subcommittee the east-west dispute over atomic controls. The Russians had urged in the political committee that the atomic energy commission scrap its two and one-half years of work and begin again from scratch, to "let in a breath of fresh air."

So far as is known, none of the "neutral" nations of the security council has approached Russia directly for her position on the Berlin dispute.

Observers say the three big western powers who brought the charge against Russia last week would prefer that one of the six smaller nations offer the resolution calling on Russia to lift the blockade.

Defeat Braves On Pitching Of Bob Lemon

Third Game Slated Sunday

BRAVES FIELD, BOSTON (AP)—Bob Lemon squared the World Series for Cleveland today by setting down the Boston Braves with eight hits for a 4-1 victory in the second game of the best-of-seven classic before 39,633.

Manager Lou Boudreau, who went hitless in Johnny Sain's opening victory, led the Indians with a sparkling day afield and at bat.

His double started a two-run splurge in the fourth and he drove home the third run off southpaw Warren Spahn in the fifth. He started one double play, was in the middle of another, made a fine catch of a pop fly in short center and picked a man off second.

Lemon, accomplishing what his more famous pitching mate, Bobby Feller, failed to do, came through with a series win in his first start because the Indians were able to handle Spahn. Lemon, a 20-game winner in the regular season, struck out five men and walked three.

The converted infielder who failed the Indians twice in the final weeks of the season, missed tying the series record for chances by a pitcher. He handled 9 chances—3putouts and 6 assists—two less than Nick Altrock did for the Chicago White Sox back in 1906.

Time after time the hustling Braves nudged Lemon into a corner but he always escaped with a whole skin after allowing a first-inning run.

Even then it wasn't entirely his fault. Joe Gordon messed up a roller by Alvin Dark for an error. Then Earl Torgeson and Bob Elliott followed with successive singles to drive home the run.

The Indians got after Spahn, No. 2 man of Billy Southworth's staff, in a two-run fourth that turned out to be enough to hand the Braves their first World Series defeat. Only once before had they been in a classic, back in 1914 when they won four straight.

Boudreau opened the fourth with a two-bagger to the right field corner. He hustled home on Joe Gordon's single to center.

Gordon, who had taken second on the futile throw trying to catch Boudreau at the plate, scored when Larry Doby, fleet Negro centerfielder, singled to right.

In the fifth, Dale Mitchell banged out a leadoff single to left. After Allie Clark sacrificed him to second, Boudreau singled through Spahn's legs scoring Mitchell.

That blow chased Spahn, who was replaced by Red Barrett, portly relief artist. Red escaped without scoring but the Indians added another in the ninth off Nelson Potter.

Rabies Law Facing Test Before Council Tonight

Bearing more than 100 signatures, a petition asking repeal of Upland's compulsory dog vaccination ordinance will be presented to city council tonight by Attorney V. K. L. Patterson, representing H. C. Meek, 691 East Eleventh street.

Mr. Patterson said this morning the petition has been in circulation less than one week. Many more signatures than are now on the document can be secured, he asserted, if wider circulation is given the petition.

The law which Mr. Meek seeks to repeal was enacted by council several months ago.

It provides that a dog must be vaccinated against rabies before a city license can be issued. A public vaccination clinic was conducted here for three days last spring.

Mr. Meek's action came after the city had refused to sell him a license without the necessary vaccination certificate.

Mr. Patterson has indicated that if council fails to act after presentation of the petition, a test of the law's validity will be made in Superior court.

Also scheduled tonight are the opening of new bids on street improvements on Olive street and Highland court, City Manager R. G. Manley declared.

Previous bids were rejected as too high, as they exceeded estimates by some 20 percent. At that time, councilmen expressed the view that lower bids could be secured.

Ask Warrant in Union Shooting

PONTIAC, Mich. (AP)—Prosecutor James N. McNally said today he would ask a warrant charging Carl Bolton, 39, and two unidentified persons with the attempt on the life of Walter P. Reuther on April 20.

McNally said he would request two John Doe warrants as well as one against Bolton, all charging assault with intent to kill.

The prosecutor made his announcement after a conference with state police, county officials and Detroit police.

Police Commissioner Harry S. Toy of Detroit told newsmen "it was the unanimous opinion of the conference that the evidence justifies a warrant."

Reuther, president of the CIO United Auto Workers, was shot in his home by an assailant with a shotgun. The motive was never established.

Bolton, a former vice-president of Highland Park, Mich., local 400, UAW-CIO, was questioned a few days after Reuther was shot, but was released.

Cucamonga District Lions Hosts To Area Teachers at Banquet

More than 100 members of the Cucamonga District Lions club, their ladies, and teachers, administrators and board members of the Alta Loma, Cucamonga and Cucamonga Central school districts dined last night at Haldeman house.

The occasion was a banquet, put on by the Lions, to honor area teachers.

Principal speaker of the evening was Guy Daniels, deputy superintendent for special services for County Superintendent of Schools C. Burton Thrall.

Mr. Daniels spoke on the topic, "Teachers as Human Beings."

Until recently, he pointed out, teachers were the poorest paid professional group. Much was expected of them, and little given to them.

Today the situation is improved, but there is still a long way to go. Any competent and experienced teacher should receive a salary of $6000 per year, Mr. Daniels said.

He pointed out that six U. S. presidents have been teachers and that four state governors are active or former members of the profession.

"Teachers," he declared, "deserve the best facilities we can give them, for more than on any other group, depends our hopes of one day freeing the world from war."

Following Mr. Daniels' talk, the group engaged in community singing and then competed in a quiz program which ranged the Lions club against the teachers. The teachers won.

Prizes of a Bendix washing machine, ruby ring, electric refrigerator and gas stove—all of them from the five and ten cent store—were given the winners.

President Carl Masingale presided over the meeting with Wallace Stoebe as program chairman. Chaffey High Principal Ernest Fischer was a special guest.

The couple were married October 3, 1898 in Mount Pleasant, Ontario, Canada. This was also the birthplace of Mr. Daiken and the couple's three children.

Mr. and Mrs. Daiken have resided in this community for 33 years. They have three sons, Lloyd W., Ray F., and Robert C. Daiken, and three grandsons, Raymond, Richard, and Bruce Daiken.

Mr. Daiken, who was employed at General Electric for a number of years, is a member of the Quarter-Century club, an honorary organization with a select membership comprised of employes who have spent over 25 years of loyal service in G. E. work. Both Mr. and Mrs. Daiken are members of the First Christian Church of Ontario.

The couple greeted the guests during the afternoon in their home which was decorated with appropriate yellow and gold flowers. Refreshments were served from an attractively appointed table, centered by a beautifully decorated cake, and yellow rosebuds.

Mrs. L. W. Daiken served punch and Mrs. R. F. Daiken served the cake. They are both daughters-in-law of the couple. Miss Martella Jones was in charge of the guest book.

Lions, Rotary Hear Paulin

Fire prevention programs were featured at this week's meeting of the Upland Rotary and Lions clubs in the Upland Woman's clubhouse with Fire Chief Howard C. Paulin the featured speaker.

Mr. Paulin summarized for the Rotarians fire department's annual report and repeatedly stressed the importance of alertness on the part of all citizens to prevent fires.

A film "Friend or Foe", which points out the frightful toll in lives and property in home fires was presented under the sponsorship of William Walton and Marion Grothe. The film depicted a fireman making a home inspection and fire drill.

Mr. Walton was program chairman with President Ellery F. Wright presiding.

The Upland Lions at noon today also heard an appeal from Mr. Paulin concerning fire prevention. He is president of the club and presided as well as appearing as the principal speaker. A sound motion picture, "There's No Place Like Home" was shown through the courtesy of Fred E. Draper. The picture revealed the total number of home injuries in an average year is greater than all other kinds.

William Gilliland was program chairman at the Lions' meeting.

IN COWBOY FASHION— Carol Lane, travel bureau director, drinks from 10-gallon hat at Colorado River near Grand Lakes, Colo. Cowboys told her brim, not crown, should be used.

FRUIT DAMAGE IS REPORTED

September high temperatures caused direct damage to grapes and walnuts. Red scale spraying of citrus has been delayed because of the high temperatures and also low humidity. The low moisture content of the soil is thought responsible for heat burn in some of the non-irrigated vineyards, the county department of agriculture reports.

Navels have been estimated at 88 per cent of a normal set. Splits and other forms of injuries have cut the estimate of the oncoming navel crop about 2 per cent below last month's estimate.

Harvest of valencias in the western part of San Bernardino county has been slowed down because of a shortage of pickers. Approximately 15 to 18 per cent of the valencia crop is still to be harvested. The new crop estimate is 90 per cent of a normal set.

Sunburn damage is occurring on about 25 per cent of the lemons being picked at this time. Picks are expected to be light for another six weeks. A good set of young fruit is developing with a present estimate of 90 per cent of a normal set being made by the county.

Grapefruit picking has slowed down because of the low prices prevailing at this time. Next season's estimate of a crop is set at 88 per cent.

Pinza To Open

Ezio Pinza, basso, will open the Claremont Artist Court on Monday evening, October 18. Pinza is one of the leading voices of the Metropolitan Opera co., as well as one of the greatest singers of this generation.

Saturday evening, November 13, the Los Angeles Philharmonic Orchestra will be featured under the baton of Alfred Wallenstein.

During the early part of 1949, DePaur's Infantry Chorus; Rudolph Serkin, pianist; and the second Philharmonic Concert are planned.

The meat of small lobsters is usually more tender than that of large lobsters. Small and medium-sized lobsters are usually ready after they have been simmered for about 20 minutes in boiling water; large lobsters may need half an hour's cooking.

Grape Crop Estimate High

For the third year in succession the national grape crop has exceeded the 3,000,000-ton mark, with California producing 94 per cent of it, states Andrew McCornack, assistant farm adviser, University of California Agricultural Extension Service.

Leaders in production are the raisin varieties with a total greater than the combined totals of the table and wine grapes, which were about equal in tonnage.

A big "crush" is expected this year because the wine stock is smaller today than a year ago.

The state of Washington has a record crop of grapes this year. They have been growing more grapes for juice and wine the last few years.

Michigan, Ohio, Pennsylvania, and New York grape crops are smaller than average and below last year's production.

DAILY PRESS IS TEXTBOOK

A current history course using newspapers as the only textbook, has been inaugurated with 60 students enrolled under Professor Hubert Herring, of the Pomona and Claremont Graduate school history departments.

Dr. Herring announced that the early discussions and study of the course would have to do with an analysis of the international and domestic policies of the three major candidates.

Students enrolled in the class were asked, "How would you vote if the election were held today?" Governor Dewey received 41 votes, Henry Wallace receivd 9, and Harry S. Truman received 1 vote. Nine of the students did not know for whom they would vote.

Newspapers representing the current public opinion from the various sections of the country serve as the student's material for class discussions.

VICTIM

LOS ANGELES (AP) — Two-year-old Philip Gary Fontellan of Azusa is the 88th polio victim in Los Angeles county this year.

Reports Theft

Carmen Veloz, owner of a cafe located at Turner and Twenty-fourth street, Cucamonga, believes that her purse was picked up from the counter of the El Ranchito Cafe at 522 Twenty-fourth street, just a short distance from her cafe, she told deputies.

She stated that her large black purse contained $50.00.

Sheriff deputies Jack Phillips and Bob Murray answered the call and found the patrons too intoxicated to give accurate information.

Juan Molina was in the cafe when the deputies arrived and they booked him for being intoxicated.

Casa Colina Receives Gifts

CHINO — Fifteen of the crippled children at Caso Colina were enjoying a brighter, more cheerful atmosphere today following the laying of new flooring in the main ward. The burgundy and brown asphalt tile was the gift of the San Gabriel Valley Shrine club, according to Frances Eleanor Smith, executive secretary of the home for crippled children. At the present time the ward is occupied by boys from four to ten years old, most of them polio cases.

The polio situation at the home took a turn for the better last week when for the first time in three months more cases were dismissed than were admitted. Seven patients were discharged as able to be cared for at home and only three were admitted. The census at the home is now 45.

Beulah Teachers In Germany

Two teachers from Beulah college are conducting a youth conference from the middle of September to the middle of October in Southern Germany, according to Dean Alma Cassel of the college.

Miss Miriam A. Bowers, whose home is located here at 428 Sixth avenue, is a former teacher who is working with Norman A. Wingert, whose wife maintains their home at 263 F street in this city.

Mr. Wingert is on a leave of absence from the college for one year. He will spend the year in relief work under the Mennonite Central committee. The conference is being held for undernourished students from the University of Maimz.

Upon conclusion of the conference he will then go to Kiel, Germany, where he will work as an organizer and director of personnel.

Last August Mr. and Mrs. Wingert attended the International Youth for Christ conference at Beatenberg, Switzerland.

Mrs. Wingert went to Basel, Switzerland, where she spent some time in the headquarters of the Mennonite Central committee.

No Inter-Service Squabbles At Virginia Training Ground

NORWOLK, Va. — Vice Admiral R. O. Davis is a bulky, hard-headed, hard-working, hard-driving ex-cruiser commander, who flies his flag at sea, and who hasn't had a vacation since the war ended.

Vice-Admiral Fred Kirtland is a bulky, hard-headed, hard-working, hard-driving, ex-battleship commander, whose flagship, the U.S.S. Alabama steamed 175,000 miles in support of landings from the Gilberts to the Marianas, and in raids up through the Battle of the Philippines Sea.

Brig. Gen. W. A. Worton is a short, chunky ramrod-backed marine, hard-bitten pro who distinguished himself at Iwo Jima.

They form what Admiral Davis calls a "commonsense command." It is tough and practical and backbreaking. It has snipped all tagends and Irish pennants from its operation It has already achieved perfection in the unification that Washington talks about and fails to deliver. Army, navy, marines and air force work for Admiral Davis, who commands the amphibious forces of the Atlantic fleet. He qualifies for this job by virtue of having run amphibious training from 1943 on — and we won a highly amphibious war.

Fred Kirtland is Admiral Davis' chief of staff, and is in direct charge of the base at nearby Little Creek. Kirtland rides a desk, as boss of training, but he rides it like a battleship, and his vast grounds at Little Creek are operated like a war. He trains the experts, and hands them over for use by General Worton, who schools the huge batches of men.

Unless you are up on your military insignia, you can't tell whether an officer at Little Creek is an army aviator, a marine infantryman, a navy gunnery expert or a seabee. Admiral Davis gets called "general" as often as "admiral."

One sample section of his flagship, the U.S.S. Taconic, would list a navy commander, a marine major, an army major, an army captain and a navy lieutenant jaygee.

Davis and Kirtland are in the position of a man who may be called on to fight at any moment, while waiting delivery on a crate of machine guns.

"We have kept the best of what we had and what we know," says Davis. "We have eliminated the useless, and improved the useful. We have at least fashioned a pistol to fight with while we wait for the machine guns. It is better than trying to do it barehanded."

Davis is impatiently contemptuous of inter-service squabbles if it impairs the security of his nation, and has succeeded in running an ideally integrated command — a command which turns out little items such as two marine divisions, fully trained in the most modern manner to get on a ship, take a beach, take the objective, hold it, and climb on a ship again, to come back a winner, with fewest possible casualties.

Kirtland is scornful of what he calls "the universal weapon," a radar-guided, jet-powered, atom-headed, germ-filled, gas-breathing wonder missile which will fly in the air, go under the sea, cross water, climb mountains, and perform USO shows for troops.

He has an idea that you will keep on winning wars by taking troops and planes and supplies in great quantity to the place where they are needed, use them to maximum ability, and then fetch them home again. This is not yet fully possible by air power alone — or by atom power alone, either.

It has been Marine General Worton's experience that sea power and air power are no good unless you can put some troops ashore to take, hold, and rebuild an objective — a premise which receives full agreement from the admirals. Together, the three are laboring to build a cohesive force which can be used right now—not tomorrow, next year, or 10 years hence. And they will do it if it breaks every back on the place, including their own.

Campaign Tours of Major Candidates Seem Identical

WASHINGTON AP — There never has been a presidential campaign quite like this one.

It's remarkable: the identical things the two big candidates do.

Early this month President Truman, with a 17-car train, started out on his campaign. He made his big opening talk near Dest Moines.

Two days later, Gov. Dewey, with a 17-car train, started out on his campaign. He made his big opening talk at Des Moines.

Then Mr. Truman continued west to the Pacific Coast, making speeches as he went.

And Gov. Dewey continued west to the Pacific Coast, making speeches as he went.

There wasn't any similarity between the two men's talks when they spoke of what's happened here at home the past few years.

Mr. Truman used bare-knuckles on Dewey's Republicans for what they did or didn't do.

Dewey used gloves to hit Mr. Truman's Democrats for what they did or didn't do.

That was on domestic affairs.

But when it came to talking about foreign affairs the two men spoke pretty much the same language.

That's because the Democrats and Republicans, although they fight over what's done here at home, see very nearly eye to eye on our foreign policy.

They've shaped it together.

They're agreed on helping Europe, standing stiff against Russia and blocking the threat of Communism.

But while the two presidential candidates were trying to snag votes in the west, this country reached a crisis with Russia in Europe.

This week the candidates were back home and

Yesterday John Foster Dulles, chief adviser on foreign affairs, after a special flight from Paris, told the governor first hand the score in Europe.

And

Yesterday, just about the time the Dewey-Dulles talk was ending, the White House announced that Secretary Marshall will make a special flight from Paris Saturday to tell Mr. Truman the score in Europe.

Tennessee Boss Deserts Truman for Dixiecrats; Dewey Maps New Tour

By The Associated Press

President Truman, handed a new setback in the South, pushed his vote campaign up the eastern seaboard today.

Gov. Thomas E. Dewey meanwhile mapped an eight-day offensive into the midwest with a 38-talk tour scheduled to cover nine states.

Mr. Truman's Dixie reverse was an announcement by E. H. Crump, Tennessee Democratic leader, that his powerful Shelby county organization will support the states rights ticket in the November election.

"Truman has sold the South down the river for Negro votes in large northern cities," Crump said at Memphis in a statement taking issue with the President's civil rights program.

But in Montgomery, Alabama, Gov. James E. Folsom came out in support of President Truman and hinted at possible court action to force Alabama's 11 presidential electors to vote for the Democratic nominee.

The President moved on toward a major speech in Jersey City, N. J., tonight after telling a party rally in Philadelphia's convention hall that the Republicans are trying to put all the plain people into a "company union" run for the benefit of the National Association of Manufacturers.

He said the GOP candidates "have all their promises wrapped up in a package called 'unity' which they guarantee to cure more ills than any patent medicine you ever saw."

The Democrats, Mr. Truman continued, believe in unity of free men and unity in great causes, but will "fight to the end" against "unity under the rule of big business."

Dewey's associates said he intends to keep stressing the 'unity' theme in his next campaign tour, which gets underway Sunday night. The GOP presidential candidate is scheduled to make three broadcast addresses on the trip which will take him into Pennsylvania, Kentucky, Indiana, Illinois, Oklahoma, Missouri, Minnesota, Michigan and back to New York.

THEATER

No, Oswald, those were not carazy people carrying on at Upland city hall last night. Just members of the local Little Theater group pantomiming their occupations for the benefit of their fellow thespians.

We're curious as to how Recreation Director Lew Fuller depicted his job. After all, it calls for a lot of diverse activities.

Meat Prices Hit Skids

CHICAGO AP—A drop in hog and meat prices was getting down today where it counts for most people—at the retail butcher shop.

Many stores throughout the country slashed pork prices for the coming weekend, a direct result of the sudden outpouring of hogs from the country. Oft-mentioned but seldom apparent "consumer resistance" was poohpoohed in some quarters as a cause of the decline.

It was pork, much more than in beef or lamb, that butchers were posting the lower figures.

Today, however, the hog market bounced a full dollar a hundred pounds higher at Chicago Union stockyards. This followed yesterday's climb of 25 to 75 cents and recovered a good share of the $4 to $5 which hog values had lost recently.

MOCK WAR

SAN DIEGO AP — U. S. Marines under cover of their own planes will seize Camp Pendleton airfield today in a climax to the navy's largest peacetime amphibious exercises.

Total New York state revenues for the fiscal year ended March 31, 1948, were more than $708,000,000.

BULLDOGS FOR VIRGINIA

Virginia Warren shows her father, California's Gov. Earl Warren, Republican vice presidential nominee, the real and the toy bulldogs presented her at New Haven, Conn., by the Young Republican Club of Yale University. Unable to take the live dog aboard the train on which she is accompanying her father on his campaign tour, Virginia took the toy instead. The live dog will be sent to her "when she is settled in Washington."—AP Wirephoto.

Racing Wire Ban Considered

WASHINGTON AP — The federal communications commission said today it will consider California's request for federal aid in enforcing state laws against bookmaking. Officials declined to predict how soon action may be taken.

The California public utilities commission asked, in effect, that the FCC prohibit the use of interstate communications facilities for sending racing information to "bookmakers."

Without such a provision, the petition said, the various states cannot enforce their laws against bookmaking.

Oregon Campaign

SAN FRANCISCO AP — Henry Wallace flies to Portland, Oregon, today on his 60th birthday after a week of campaigning in California with uncertain results.

Last night in San Francisco's Civic auditorium, cheered wildly by waterfront strikers and other supporters, the presidential candidate accused the Democrats and Republicans of "war-mongering."

HOWSER RULES ACT ILLEGAL

LOS ANGELES AP—Atty. Gen. Fred N. Howser has ruled that the employment of Warren Olney III as counsel for the governor's commission on organized crime is illegal.

Howser explained yesterday that under state law, no state agency shall employ legal counsel other than the attorney general.

Howser, who said he issued the opinion at the request of Assemblyman Lester A. MacMillan, Los Angeles, declared that Olney could be cut off the state payroll and salary paid him as commission counsel could be recovered.

The attorney general said he fired Olney from his staff shortly after he took office last year.

Judge Praised for Kawakita Sentence

LOS ANGELES AP — Federal Judge William C. Mathes has been commended for "courageously serving the ends of justice" in sentencing Tomoya (Meatball) Kawakita to death for treason.

The praise came yesterday from Harold Keats, national commander of AMVETS in Washington, D. C.

Several of the 35 prosecuting witnesses — war veterans — also approved the sentence, meted out Tuesday following 11 weeks of trial and eight days of jury deliberations.

Say Glenn Davis May Wed Actress

HOLLYWOOD AP — Film Actress Elizabeth Taylor may marry Army football hero Lt. Glenn Davis when he returns from duty in Korea, but her mother said today the couple is not engaged.

"Elizabeth likes Glenn more than any boy she has met and we do too," said Mrs. Francis Taylor, "but she is only 16 and when one is 16 you just don't make announcements.

"When Glenn comes back and if they feel the same way, and we hope they do, then Mr. Taylor and I will make the announcement."

PROCLAMATION

SACRAMENTO AP — The seven days beginning Oct., 10 have been proclaimed Business Women's Week by Acting Governor Goodwin J. Knight.

Today's Birthday

(If you have a birthday this week or this month, call it in to 311-06 and we'll include you in this column.)

Henry Agard Wallace, born Oct. 7, 1888, on a farm in Adair county, Iowa. His father was Harding's secretary of agriculture. His grandfather served on Theodore Roosevelt's Country Life Commission. Henry Agard was credited with swinging Iowa to F.D.R. and became one of the original New Dealers. Was secretary of agriculture, vice-president and secretary of commerce; now a candidate for president.

Egg Tossed at President

PHILADELPHIA AP — An egg tossed from a sidewalk crowd hit a policeman escorting President Truman on his tour of Philadelphia.

Policeman Hugh Hannigan, riding at the right rear of the President's car yesterday, said the egg struck him on the leg. Hannigan said it was "thrown underhanded by one of a group of boys."

THE BERRYS

MUTT AND JEFF

THE TOODLES

S. D. Flashy

"Razzle-dazzle" offense from a T-formation plus a roster of stars will be the combination Coach Bob Bailey plans to give the Chaffey team beginning at 8 o'clock Friday night at Graber field.

Quarterback Jesse Thompson—a 148-pounder—has passed five of the six touchdowns tallied by the San Diego team this year. When Jesse takes a rest, his 205-pound relief man runs the team as well as playing roving center and tackle when the situation demands his talents.

Other members of the backfield include Cosimo Cutri at left half, tipping the scales at 160, with Harry West, 170-pounder, at the other half spot. A 165-pound fullback is found in Joe Brown. Number one substitute at the left half spot is a shifty-hipped ball snatcher by the name of Ted Ritchie. The pass defense better keep an eye on this player.

Other pigskin receivers to watch include a lanky colored wingback known as Ernie Smith and a deft-fingered reserve end, Joe Galindo.

This 160-pound backfield has an able line out in front of them to clear the way for many TDs this season.

Gene Edwards, a 210-pound tackle, is considered to be an outstanding lineman. Another man through which very few teams will make much yardage is the highly touted 195-pound guard, Bob Conklin.

Place kicker Bud Genet has converted five out of six this season.

Last week, the Diegans dumped a powerful Bakersfield eleven, 14-13. The club was far from at full strength, with Asebedo, Cutri and Smith sidelined with injuries. All of those hands will be on tap this time.

Chaffey officials announced today that 1500 new bleacher seats are being added at Graber bringing total seating capacity to 7500.

Robinson, Belloise Sign for Fight

NEW YORK AP — The tournament of champions today had welterweight champion Ray Robinson's signature on a contract to fight middleweight Steve Belloise. And they had pictures and witnesses to prove it too.

Sugar Ray signed the document last night at the Harlem offices of "Ray Robinson Enterprises" in the presence of Manager Gee Gainsford, officials of the T. of C., newspapermen and photographers.

Kedgeree is a combination of cooked flaked fish, cooked rice, parsley and salt and pepper; be sure that the parsley is finely chopped. Melted butter and an egg yolk may be added to the mixture to bind it together and then the whole thing reheated gently.

In 1881 Yale's football team defeated Dartmouth 113 to 0.

PANTHERS ALL MIXED UP

Chaffey Panther lettermen had some fun recently in lining up in a slightly scrambled formation. Every player in the photo is out of his normal position. They are, left to right, Bill Brown, a guard playing end; Clyde Francisco, end playing tackle; Pete Badorine, halfback at guard; John Whitam, fullback at center; Austin Snyder, halfback turned guard; Orland DiCiccio, back at tackle, and Paul Bratton, halfback at end.

The "backs" in this photo are, left to right, tackle Kenny Imbach, center; Steve Butters, tackle, Jerry Bell, tackle, and guard Gino Bortolussi.

Was Masi Out at Second? Dispute Rages Among Fans

BOSTON AP — The Boston Braves go after their second straight World Series victory today with Lefty Warren Spahn opposing Cleveland's Bob Lemon, while the baseball world still debates the disputed play that led to win No. 1.

Arguments sprouted up all over town last night after publication of Associated Press pictures of the vital play of the opener — an attempt by Bobby Feller to pick pinch runner Phil Masi off second base in the eighth inning of a 0-0 game. Eventually Masi came home on Tommy Holmes' single with the run that gave the Braves a 1-0 triumph.

Many neutral observers insisted the pictures showed that Manager Lou Boudreau of the Indians had tagged Masi a foot off the bag. Others were unconvinced.

Feller and Boudreau have been working the same play all season. They probably have nipped at least 10 runners off base enroute to Cleveland's first pennant since 1920. This time Umpire Bill Stewart of the National league ruled they didn't get their man.

There will be no official protest by anybody connected with the Cleveland club. It's purely a matter of judgment of an umpire whose word is final in baseball.

"Interesting" was the comment of President Bill Veeck of the Tribe after seeing the photo. Hank Greenberg, a part-owner, said the pictures would start a lot of controversy. All agreed it was just one of those things that nothing could be done about.

PE Teachers To Hear Cromwell

"My Impressions of the 1948 Olympics," will be the basis of Dean Cromwell's speech before physical education teachers and the general public in San Bernardino, Monday night, October 11, at 8 o'clock.

Mr. Cromwell will be the guest speaker at a dinner meeting of the Tri-County unit, California Association for Health, Physical Education and Recreation.

Chaffey personnel active in the organization are Director of Athletics Harvey Shirk, chairman of the membership committee, and Helen Greenlaw, entertainment chairman.

The University of Mississippi played its first night football game on Oct. 18, 1929, in New Orleans with the Rebels outscoring Loyola, 26-24.

Baseball Men Job Hunting

BOSTON AP — World Series headquarters has always been something akin to an employment agency. This one is running true to form.

Among those here for the series and seeking new employment are Bucky Harris, former New York Yankee manager; James (Rip) Collins, ex-San Diego pilot, and George (Specs) Toporcer, recent farm director of the Boston Red Sox.

Harris, who last fall led the Yankees to the American league pennant and world championship, and this year brought them limping home in third place, has been mentioned by his many friends as a possibility in Brooklyn.

BOSTON AP — Although beaten by the Boston Braves the first time he ever pitched in a World Series, Bob Feller today hinted he didn't have much respect for his conquerors as a ball club.

GUFF AND STUFF ABOUT THE SERIES

By JIM CALORGERO

BOSTON AP — Even with a red-hot series in progress some Bostonians can still find excitement in a checker game.

Approximately 5,000 fans watched the first game of the fall classic on 100 television sets installed on Boston common.

"What do you know," said one fan at the wholesale video showing, "some guys were watching a checker game on one of the benches. They had their back to the screens too."

Satch Paige has waited years and years to be a part of a World Series — and when he finally made it he was barred at first from the park.

The elderly Negro Cleveland pitcher was stopped at the players' entrance long before game time.

"Ah's a ball player," Paige told the attendant.

Finally, another Cleveland player vouched for Paige and they let him in.

Standees were 10 deep at the rear of the Braves field grandstand.

The most polite standee was the one who clambered atop a water bubbler — he moved his foot every time someone wanted a drink.

Cleveland's rapid Robert Feller got little sympathy from the 2,500 standees when Earl Torgeson accidentally stepped on his toes during a first base putout in the seventh inning.

Said one of the standing fans: "Don't take it so hard, Robert, we've been standing firmly on each other's feet throughout this game."

Connie Mack, 85-year-old manager of the Philadelphia Athletics, said he has changed his mind about the Boston Braves.

"I was fooled by Johnny Sain," said Mack as he prepared to take in today's second series game. "I always thought Sain was just a pitcher. He was great yesterday and now I've got to change my mind about the Braves. I thought Cleveland would take them easy."

In the semi-final match in the national tennis championship at Forest Hills, Jaroslav Drobny of Czechoslovakia and Richard (Pancho) Gonzales of California scored 43 service aces between them.

Lightweights Beaten, 13-0

Coach Phippen's Upland Junior high "lightweights" absorbed a 13-0 trouncing at the hands of San Dimas school yesterday on the latter's gridiron.

Pass interceptions set up both touchdowns for the San Dimas eleven. Despite one deep penetration, the locals were never able to put over a score.

Starting line-up for Upland yesterday had Marvin Pounders and Jack Benson at ends; Bob Hilkie and Paul Hood, tackles; Richard Krebill and Hal Snowden, guards and Ronald Miner, center.

In the backfield were Bruce Headley, quarter; John and Chas. McKellar at the halves, and Bob Johnson, fullback.

Friday, Coach Phippen's heavyweight team will play Claremont there at 3:30 p.m.

Today at 3:30, the Upland Junior High Red Raiders are taking on the Colton B team—the "Baby Jackets," they're called — over in Colton.

Football mentors guiding the fortunes of the other five schools include Hamilton Tallman at Lincoln; Hugh West at San Antonio; Bill Stocks at Grove; Charles Robar at Central; and volunteer Les

Success of the six-school football program lead Grocer Clem and the six coaches to consider rules for continuation of the program into basketball, track and softball.
